13. Read the text and answer the question.

Mehmet Barış Manço was born in 1943. He was a rock musician, singer, composer, actor and television producer. He composed around 200 songs. Many of his songs were translated into other languages. Through his TV programme "From 7 to 70", he visited many countries. He had many awards. He is still popular and people listen to his songs.

The text is **mainly** about his

- A) marriage
- B) career
- C) education
- D) family

14. Read the information below and answer the question.

Hi everybody. I am Mehmet Sait. I want to talk about the animal that I like. Squirrels! I am crazy about these small animals. They have some special body parts. For example, they have long bush tails, small ears and sharp claws. They can live in rainforests, polar regions, deserts even in a garden or a park near you. They are herbivores and mammals. They use their tails to communicate.

Which of the following question does **NOT** have an answer in the text?

- A) Which special body parts do they have?
- B) Where do they live?
- C) How long do they live?
- D) What kind of animals are they?

15. Read the dialogue and answer the question.

Selma : People cut down trees in forests, so animals lose their habitats.

Merve : You are right. It is a big problem for the animals. ?

Selma : We should protect the natural life and plant trees.

Choose the **CORRECT** option according to the dialogue.

- A) Why should we help them
- B) What should we do
- C) Who can help animals
- D) Where do they live

16. Read the dialogue and answer the question.

George: What can we do to protect wildlife?

Sally:

Choose the option that fills in the blank **correctly**.

- A) We shouldn't hunt animals.
- B) We should cut down trees.
- C) We shouldn't protect endangered animals.
- D) We should wear fur.

17. A biology teacher gives information about polar bears.

Read the information below and answer the question.

- Polar bears are carnivorous.
- Polar bears can weigh up to 700 kg.
- They live on the land.
- They are in danger.
- Some of them died because of global warming.

There is NO information about polar bears'

.....

- A) eating habits
- B) weight
- C) natural habitat
- D) lifespan

18. **Read the text and answer the question.**

Hello, my friends! Today I want to talk about African Forest Elephants. They eat leaves, grasses and fruits. They can live about 70 years and weigh about 6000kg. They are really big and special animals but they are in danger because people give harm to their habitat. Also people hunt them for their tusks. Tens of thousands of elephants are killed for their tusks every year.

According to the text which question does NOT have an answer?

- A) How long do they live?
- B) How many African Forest Elephants are killed every year?
- C) How can we protect them?
- D) Why do people hunt them?

19. **Read the text and answer the question.**

Cheetahs are mammals. Most of them live in Africa. They are the fastest land animals in the world. Cheetahs are carnivorous animals and they hunt herbivores such as gazelles and impala. They generally live about 20 years. They are endangered animals because of hunting and climate changes.

According to text, which of the following option is CORRECT?

- A) Cheetahs are not in danger
- B) They live less than ten years
- C) Cheetahs are slower than gazelles
- D) Climate changes and hunting affect them badly.

20. Sueda is talking about her favourite animal.

"They are enormous animals but not dangerous. They are really lovely mammals. They live in China. They love eating bamboo."

Which animal is Sude talking about?

- A) Panda
- B) Tiger
- C) Bear
- D) Eagle
